Skills

- **Frontend Frameworks:** ReactJS, NextJS, Zustand
- **Languages:** JavaScript, TypeScript, HTML5, CSS3
- **UI:** Tailwind CSS, Responsive Design
- **State Management:** Zustand, Context API
- **Version Control:** Git, GitHub
- **Build:** Webpack, ESLint, Prettier
- **Development Tools:** Visual Studio Code, Postman
- **APIs:** RESTful APIs, Axios

LANGUAGE

Tamil

English

I have strong experience in **frontend development using ReactJS, NextJS, TailwindCSS, and Zustand**, focusing on building scalable, responsive applications. I've worked on **complex UI modules like Image Annotation tools**, admin dashboards with **CRUD operations**, and optimized web performance through techniques like **lazy loading and code splitting**.

Experience

2024-08 -
Current

Front-End Developer

Talentship Pvt Ltd, Chennai, Tamil Nadu

- Developed front-end applications using **React.js, Next.js, TailwindCSS**, and **Zustand** for state management.
- Built dynamic UIs with reusable components, server-side rendering (SSR), and optimized performance.
- Implemented **KonvaJS** for interactive image annotation with dynamic shapes and labels.
- Designed responsive dashboards with **CRUD operations**, reusable UI components, and managed complex UI states efficiently.

Education

2024-09

Master of Computer Application

Christ College of Engineering Technology - Puducherry

- 9.1 CGPA

2021-07

Bachelor of Science: Mathematics

Arignar Anna Govt. Arts & Science College - Villupuram

PROJECTS

Ucentrics - Industrial AR/VR Platform for Machine Handling & Training

Dec 2024 – Present

Built an AR/VR platform for interactive machine training with admin tools, digital twins, and annotation features.

Tech: React.js, Next.js, TailwindCSS, KonvaJS, React Flow, Zustand

Career Portal – Admin Dashboard

Developed job and applicant management dashboard with full CRUD and role-based access.

Tech: React.js, Next.js, TailwindCSS, Zustand, PostgreSQL

Talentship Community Event Website (TAI Connect & TypedCoders)

Created landing pages for AI & TypeScript events with SEO and performance optimization.

Tech: Next.js, TailwindCSS, SSG, Image Optimization
